

THE AD-ACCOUNT LEAK AUDIT

10 signals your client accounts are quietly losing money.

Run this on any client account in 20 minutes. 3+ signals active = account at risk.

// 01

BUDGET PACING DRIFT

Account spending 10%+ off daily pace before Thursday.
Will overspend by weekend with no visibility until Monday.

☐ CLEAR

☐ FLAGGED

// 02

CREATIVE FATIGUE

CTR declining 3+ consecutive days, no creative rotation.
Every extra day costs 8-15% more per click.

☐ CLEAR

☐ FLAGGED

// 03

CPA CREEP

Cost-per-acquisition rising week-over-week with no bid
or budget change. Optimising toward lower-quality signals.

☐ CLEAR

☐ FLAGGED

// 04

ROAS BELOW TARGET

Account below target ROAS for 7+ days, no escalation logged.
Client paying full management fee for worse results.

☐ CLEAR

☐ FLAGGED

// 05

FREQUENCY OVERLOAD

Ad frequency above 3.5 (Meta). No creative refresh or
expansion. Audience burnt. CPMs rising.

☐ CLEAR

☐ FLAGGED

// 06

AUDIENCE OVERLAP

Multiple ad sets targeting the same users in one campaign.
Bidding against yourself, artificially inflating CPMs.

☐ CLEAR

☐ FLAGGED

// 07

QUALITY SCORE EROSION

Top-spend Google keywords with Quality Score below 6.
Paying a premium per click for poor ad relevance.

☐ CLEAR

☐ FLAGGED

// 08

IMPRESSION SHARE LOSS

Branded terms below 70% Search Impression Share.
Competitors capturing traffic from your own brand name.

☐ CLEAR

☐ FLAGGED

// 09

SILENT DISAPPROVALS

Ads disapproved or running limited, no action taken.
Campaigns at reduced reach or offline, undetected.

☐ CLEAR
